Drug & Medicine Store.

The undersigned, late, this 6th day of June, 1864, of the firm of Hyslop & Wright, has sold his interest in the Drug and Medicine Store, to his partner, WRIGHT & TUCKER, who will continue the business at the old stand, Wisconsin Block, Main street, Fond du Lac.

This kind of work is part being atoned for by the generous and liberal patronage now possessing a statement of a part of every prescription, the object. Cause or result.

It is a time for repentance—a time for men to reflect and see if a country cursed and polluted by disloyal treachery, and by long, just as seriously and effectively as a President can be shot with a Derringer

Thomas Saturday last, it was supposed to be fallen at that Sir. Kincaid was dead, and a messenger dispatched here on hasting here officially announced to Gen. Dix, at N. Y. Not so all Sunday morning did we learn otherwise. The attempt to murder him failed. No friend to the nation, that has made such a glorious record for itself in the past four years, but doubtless thought it had accomplished its work.

It appears that Jeff Davis sent a messenger to the theatre, if those advertisements are correct, to murder him to leave the country—secret orders. Great's reply was that his business was to fight down the rebellion and not to answer such questions.

To this the press replied—Wednesday, that the President of the Confederacy was not murdered, that there are some men living who are not to be killed by a mere bullet, and that the reason it was not so, was, that God had no time. How Gen. Sherman killed him, we have not learned, but it is clear he has killed him, is not clear to us.

S. M. Brown has at last abandoned the duplicate system of the railroads—installed editor and one of our oldest citizens. Many a new paper at Milwaukee. He has stopped the "Light" in the Wisconsin, the Courier" and there as long published the Wisconsin reprinted as Publisher, and Mr. Booth is chief Editor. Mr. Brown's connection with the former has also ceased, as he has left it to be subject to his control.

Health.

The importance of health cannot be too much appreciated. There are thousands who consider it of but little consequence until, by some unexpected, or unforseen event, a violent attack of disease takes place. It is then that the sensations of the sore call forth their utmost energies, but having heretofore, or even in this enjoyment of health, given it but little reflection, all that regards their unfortunate symptoms to be as ideal as imaginable darkness. The social gathering of the Young Ladies' Branch of the Soldier's Home Society to be held at the house of John Hamilton is postponed to Wednesday April 26th

PROCRASTINATION of the Mayor, J. Wilkinson Beach, taken from life in a few days by the old the devil, was reported from N. Y. in five days and will be for sale at the Gallery of Wilkey & Hartson, or sent to any address on receipt of price 25cts.

A STATE DIRECTORY.—Mr. C. B. HAMILTON and Asa H. W. Shaw, Publishers of the North Western Gazetteer, and Railroad Shipping guide, Telegraph and Express Business Directory, is now in this City putting up with a view to make a Business Directory for Wisconsin, and solicits subscribers for the same. It will contain the names of every business man and firm in Wisconsin, where located, what is handled and what he is doing; a list of all the Lawyers, Physicians, and professional men generally, alphabetically arranged, and each Post Office address. It will be a great convenience for business men, and all others who wish to do business outside of their own immediate localities.

PAPER OF THE "Fulton Patriot" Town, a place in which an loyal or decent man need to be ashamed to live. See in the Mayor's column what use has been made to the way of hanging men for the army, see the amount of money we have paid them, and then see where we are for giving them comforts after they have gone. We are told by those who know the facts, that the Soldier's Aid Society, the Christian and Sanitary Commissions have sent forward more than $6,000 worth of stores and clothing, that has been voluntarily contributed in this City, and all that has been done privately we are assured by all of some convincing the rest morning. At the meeting of the General Agent seems that Fond du Lac has done more than any other place in the State outside of Milwaukee.

FUNERAL OF ABRAHAM LINCOLN.—The Funeral of Abraham Lincoln takes place to-day, in Washington at 12 m.

At the moment we all over the nation and the telegraph appoint them days before-hand of the arrangements, it has been thought best to have a National Funeral, such as we never before held, in all our cities and villages, and places of meeting, at that hour.

Accordingly, in this City, arrangements were made yesterday at a meeting of the City Council, and citizens at large, for such services in all our churches, and in, Armory Hall at 12 m. The several Ministers will preach in their respective places, save that Rev. Mr. Woodhead will preach in Armory Hall and his own pulpit be supplied by Rev. Mr. Hollister.

At these which (the services in Armory Hall) the programme contemplated a meeting of the Cook House Square, to be made up of processions from all the Schools, and mustered organizations of the city.

.Old Folks' Concert, and Tableau Theatre.

Armory Hall, Friday 28th inst. Some six weeks ago the ladies and gentlemen formed by the Committee connected with St. Paul's Church gave a Tableau entertainment at Armory Hall. So tastefully got up were the different groups of the Tableau, and so high in appreciation was the entire programme of that occasion, that a second exhibition by particular request was also presented to the same approach of host. We have now to announce that the same Committee propose giving another entertainment in the same place, and we are assured that the novelty and excellence of the programme, which will include an Old Folks Concert, will leave nothing to be desired. So it will be very respectfully that if the patrons of the forth-coming treat do not get good value for investment.

A Card.

When suddenly overwhelmed with great sorrow even ministers, like other mortals, sometimes forget their obligations of gratitude. So it was but recently. I intended very heartily to thank the good people of Fond du Lac for their generous donation of $170,—but the President was murdered and I forgot.

We shall ever remember with gratitude the many acts of kindness and friendship, by this the people while hanging off Crime and hope that we shall finally be located respectfully in the better land. God bless you—my dear wife and all of the folks up there.

Yours for the good of the City,

J. T. WOODHEAD.

S. E. LEFFLER is now just recently located in his new and commodious store on the site of his old building burnt down some months ago. His stock embraces a large and better variety than can be found in this or any other store in the State.

He is the exclusive agent for the Peerless Shaker and Ventilator in this city. He also keeps the best and Tobacco stores, as well as all the other improved patterns. 972tf

We are told by those who know the facts, that the Soldier's Aid Society, the Christian and Sanitary Commissions have sent forward more than $6,000 worth of stores and clothing, that has been voluntarily contributed in this City, and all that has been done privately we are assured by all of some convincing the rest morning. At the meeting of the General Agent seems that Fond du Lac has done more than any other place in the State outside of Milwaukee.

FUNERAL OF ABRAHAM LINCOLN.—The Funeral of Abraham Lincoln takes place to-day, in Washington at 12 m.

At the moment we all over the nation and the telegraph appoint them days before-hand of the arrangements, it has been thought best to have a National Funeral, such as we never before held, in all our cities and villages, and places of meeting, at that hour.

Accordingly, in this City, arrangements were made yesterday at a meeting of the City Council, and citizens at large, for such services in all our churches, and in, Armory Hall at 12 m. The several Ministers will preach in their respective places, save that Rev. Mr. Woodhead will preach in Armory Hall and his own pulpit be supplied by Rev. Mr. Hollister.

At these which (the services in Armory Hall) the programme contemplated a meeting of the Cook House Square, to be made up of processions from all the Schools, and mustered organizations of the city.

.Old Folks' Concert, and Tableau Theatre.

Armory Hall, Friday 28th inst. Some six weeks ago the ladies and gentlemen formed by the Committee connected with St. Paul's Church gave a Tableau entertainment at Armory Hall. So tastefully got up were the different groups of the Tableau, and so high in appreciation was the entire programme of that occasion, that a second exhibition by particular request was also presented to the same approach of host. We have now to announce that the same Committee propose giving another entertainment in the same place, and we are assured that the novelty and excellence of the programme, which will include an Old Folks Concert, will leave nothing to be desired. So it will be very respectfully that if the patrons of the forth-coming treat do not get good value for investment.

A Card.

When suddenly overwhelmed with great sorrow even ministers, like other mortals, sometimes forget their obligations of gratitude. So it was but recently. I intended very heartily to thank the good people of Fond du Lac for their generous donation of $170,—but the President was murdered and I forgot.

We shall ever remember with gratitude the many acts of kindness and friendship, by this the people while hanging off Crime and hope that we shall finally be located respectfully in the better land. God bless you—my dear wife and all of the folks up there.

Yours for the good of the City,

J. T. WOODHEAD.
